Type traits

trait	Index	Tendenz	76	88	100	112	124	136	Tendenz
Frame	116								
Muscling	116								
Feet & Legs	120								
Udder	109								
Height at cross	120	small							large
Body length	117	short							long
Rump width	104	narrow							wide
Body depth	107	shallow							deep
Rump angle	119	ascending							sloped
Hock angularity	95	straight							sickled
Hock develop.	113	swollen							dry
Pasterns	107	weak							strong
Foot angle	112	low angles							steep angles
Fore udder length	107	short							long
Rear udder length	107	short							long
Fore udder attachment	102	loose							tight
Susp. ligament	99	weak							strong
Udder depth	108	deep							high
Teat length	97	short							long
Teat thickness	96	thin							thick
Teat placement (front)	92	wide							close
Teat direction (rear)	102	outwards							inwards
Udder cleanness	102	add. teats							clean udder

MANOLO Pp is a Fleckvieh sire the polled breeding program was waiting for. With his high TMI he is among the best polled sires and can as well compete with all the other "normal" Fleckvieh sires. His father Manigo is a reliable proven elite sire, which has a positive impact on the reliability of his breeding values. His breeding values reflect the qualities of his cow family in perfection. The direct ancestors of Manolo Pp appeal with their substance, strong fitness traits, enormous wide rumps, functional udders and top feet&legs. This is reflected by the type traits he is promising to sire to his progeny. And on top of that he is the perfect choice for heifer inseminations.
